EXAMINER'S AMENDMENT/REASONS FOR ALLOWANCE/EXAMINER'S COMMENTS

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Donald J. Daley on 1/4/2008.

The application has been amended as follows:

1. Claim 7, line 6, before the phrase "for creating" insert -- a unit --;
2. Claim 7, line 15, after "viewing surface" change "used" to -- in use --.

Reason for Allowance

The following is an examiner's statement of reasons for allowance: none of the prior art either alone or in combination disclose or teach of the claimed combination of limitations to warrant a rejection under 35 USC 102 or 103. Specifically, in reference to independent claims 1 (and its dependents), none of the prior art either alone or in combination disclose or teach of the claimed device for displaying information in a vehicle specifically including, as the distinguishing feature(s) in combination with the other limitations the claimed "unit for creating a real image containing information relevant to a driver, to be reflected in a reflective viewing surface; a second reflecting surface provided at least one of behind and beside the head of the driver; an end

section of an optical path between the unit and the viewing surface in use extending between said second reflecting surface and the viewing surface”.

Regarding claim 7 (and its dependents), none of the prior art either alone or in combination disclose or teach of the claimed system for displaying information in a vehicle specifically including, as the distinguishing feature(s) in combination with the other limitations the claimed “reflective viewing surface provided directly above a field of vision used by the driver to survey the traffic situation; a second reflecting surface provided at least one of behind and beside a head of the driver; and an end section of an optical path between the unit and the viewing surface in use extending between said second reflecting surface and the viewing surface”.

Examiner's Comments

The drawings filed 8/29/2006 have been approved by the Examiner.

The information disclosure statement (IDS) submitted on 8/29/2006 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement has been considered by the examiner.

Yang (5615023), Rodewald et al (6674370), and Muromachi et al. (6414796) are being cited herein to show a reference(s) that discloses some similar features to that the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
